# Welcome

## **Student Employment at SIU**

Welcome to the Student Employment Program at Southern Illinois University Carbondale. The student employment program was designed to provide students with part-time employment experience, supplemental finances, and educational benefits outside the classroom. Students can gain valuable work experience related to their major fields of study while employed in various academic units or departments. The student employment program is financially rewarding to students by providing income that can be used for educational expenses. The financial independence student employment offers can also give the student a sense of self-worth, which can result in improved academic success and interpersonal relationships. Student employment allows students to connect with role models in their respective fields and secure employment references. In general, the student employment program is dedicated to enhancing student development by creating challenges and teaching responsibility.

SIU Carbondale is known nationwide for its extensive student employment program. Southern Illinois University Carbondale employs approximately 2,000 on campus annually. SIU's Student Employment Program is a cooperative effort among the Student Employment Office, the Career Development Center, Financial Aid, Central Payroll, and the university's hiring departments. The Student Employment Office produces this handbook to serve as a helpful reference tool. We encourage referral to this handbook regularly for assistance whenever questions arise.

If there are any additional questions concerning the content of this handbook, please feel free to contact the Student Employment Office at 453-2391 or stop by Student Services Building, first floor Suite 110.

## **Excess Qualification/Market Adjustment Increase**

Excess qualification/market adjustment increases may be given at the time of hire or after a student has been in a position. Excess qualifications could be based on prior work experience and/or educational experience related to the type of work to be performed. Market adjustment increases could be based upon supervising other employees, working in an unsupervised setting, working at night, or other special circumstances such as recruiting and/or retaining student employees in a competitive market. Hiring departments may award excess qualification/market adjustment increases in 5-cent increments up to a maximum of 30 cents per hour.

### **Payment of Student Employees**

#### **Payment Schedule**

Student employees are paid on a bi-weekly basis (every other Friday). The payroll periods run Sunday through Saturday, with the payday being the second Friday following the end of the payroll period. The scheduled payday may be moved to an earlier day if the scheduled payday falls on a day in which the University is closed.

#### **Payment Method**

SIU Carbondale requires all employees to participate in an electronic direct deposit of earnings into a bank account at a financial institution of your choice. The direct deposit form is available [Student Employment Documents | Student Employment | SIU](#) or Payroll's [Forms | Human Resources | SIU](#). It can also be obtained at the Student Employment Office, Student Services Building, 1<sup>st</sup> Floor.

Direct deposit is convenient, safe, and efficient. It improves confidentiality of payroll information, reduces instances of lost or stolen checks, eliminates the need to cash checks, and ensures funds are delivered on payday even during break periods. If your direct deposit information changes, you will need to complete an updated form and bring it to the Student Employment Office. It may take 3 to 7 business days to be updated.

When you work in more than one student employment job during a payroll period, you will receive direct deposits for each job in which time was reported.

#### **Payment Underpayment/Overpayment**

Contact the employer to resolve any discrepancies regarding the underpayment or overpayment of a paycheck. The employer should contact the Payroll Office regarding an overpayment or the Student Employment Office regarding underpayment. (SIU Carbondale may seek recourse for refusal to repay an overpayment of wages processed in error).

#### **Student Employment Earnings**

View student payroll information on SalukiNet (<http://salukinet.siu.edu/>), which is updated on Thursday before the scheduled payday. The following information is available on SalukiNet:

1. Statement of earnings for a specific pay period by selecting "Payment Date."
2. If more than one job is worked during the payroll period, selecting the "next" tab shown at the bottom of the first statement of earnings will supply access to multiple earnings statements
3. Click the print icon to print the statement of earnings

#### **Your earnings statement will contain:**

- Federal filing status, allowances, additional tax amount and tax-exempt status
- State filing status, allowances, additional tax amount and tax-exempt status

- Deductions, both current and year-to-date
- Total gross pay, both current and year-to-date

## **Responsibilities**

### **Responsibilities of Student Employees**

Students should:

- Abide by the policies and procedures of the employing department
- Be dependable, prompt, and reliable in attendance
- Be courteous and display a professional image for the department and the University
- Work the hours and perform the tasks assigned
- Submit correct work hours promptly to ensure payment on the scheduled payday

- Notify the employer if no longer enrolled for the appropriate number of credit hours to be employed, and therefore must stop working (the employer may or may not hold the job until enrollment eligibility requirements are met again)
- Fulfill the terms of the employment contract; usually to the end of a semester
- Give at least a two-week advance notice when ending a job, or if not returning to the position the following semester
- Do not accept work assignments during scheduled class time

**Note:**

Some jobs might be contingent upon the student remaining eligible for Federal Work Study (FWS). If a student is hired as a Federal Work-Study student, the student is required to notify the employer if they plan to reduce or reject their FWS award due to the terms and conditions of the initial employment contract.

**IMPORTANT:** Employing departments may deplete their FWS allocation sooner than the students FWS award runs out. If hired with federal work study as a condition of employment, it is possible that this may result in the termination of the contract. If terminated on these grounds, it is required that two-week notice is provided.

The Illinois Department of Human Services will match actual amounts paid per the state payroll with the amount that is reported to them due to Public Aid Benefits received associated with earning federal funds. If there is a discrepancy, Department of Human Services will send notification form the that you may be committing an “Intentional Program Violation.” Fraudulent documentation to receive benefits is a violation of federal policy

Statements of earnings are located in HR Self-Service (HRSS), which can be accessed through SalukiNet, and identifies the amount of earnings that were considered Federal Work-Study.

Students are not eligible to make a claim for unemployment insurance benefits when student employment ends because the principal occupation was that of a student.

### **Missed Hours**

Students are not paid for scheduled hours missed due to holidays, jury duty, funerals, illness, military obligations, voting, or University closure. If a student is required to work during University closure, they will be paid the regular pay rate for the actual number of hours worked.

[Grievance Procedure](#) | [Policies](#) | [SIU](#)

In case of difficulty or complaint, each student employee of the university shall have the right to use the channels provided for the settlement of grievances against the university. In general, it is preferable that personnel problems be solved within the organization at the level at which they arise. Individuals outside the university's internal organization should not be asked to rule on such difficulties until established university channels have been exhausted. A written appeal must be made within 30 days of the grievance and shall state the nature of the grievance in sufficient detail that a proper response can be prepared. This procedure shall be followed regarding any complaint concerning the performance of work assignments or any act of discrimination on the basis of race, color, national origin, sex, religion, age, sexual orientation, marital status, or disability. The grievance is to be presented in writing. The employee, at his/her option, shall have the right to an oral presentation at each level of review.

### **Step 1:**

A student employee shall first present any such matters to the immediate supervisor. This step should be taken at the earliest possible date and must be within 30 days of the action being grieved. The supervisor's decision shall be in writing to the student employee within 5 working days of receipt of the grievance.

### **Step 2:**

If the matter is not satisfactorily resolved, the student employee may submit the grievance in writing to the head of the department. This must be done within 3 working days after receipt of the decision in Step 1. The department head shall review the facts and render his/her decision in writing to the student employee within 5 working days of receipt of the grievance.

### **Step 3:**

If the grievance still exists, the case shall be submitted in writing to the director of the Career Development Center. This must be done within 3 working days of receipt of the decision in Step 2. Within 10 working days of receipt of the grievance, the director of the Career Development Center shall consider the matter with the employee and a representative of the student's choice, and with the administrative officer involved. The director shall render a decision in writing within 5 working days of said consideration. If the grievance alleges discrimination on the basis of race, color, national origin, sex, religion, age, sexual orientation, marital status, or disability, the employee may also notify Affirmative Action.

### **Step 4:**

If the matter is not satisfactorily resolved, the director of the Career Development Center, within 5 working days of the completion of Step 3, shall refer the matter to the appropriate vice-chancellor (or other individual reporting directly to the chancellor). Within 15 working days of receipt of the grievance, the appropriate vice-chancellor (or other individual reporting directly to the chancellor) shall conduct an investigation concerning the grievance and render a decision in writing. This is the final appeal, and the decision rendered stands.
